

2026 New Working Committee Studies

Working Committee	Study #	Study Title	Principal Investigators
Graft-versus-Host Disease	GV26-01	Overall Survival after Post-Transplant Cyclophosphamide (PTCy) Peripheral Blood Hematopoietic Cell Transplantation (HCT) Differs by Race, Ethnicity, and Donor	Megan Herr
Graft-versus-Host Disease	GV26-02	Real-World Outcomes of Post-Transplantation Cyclophosphamide Versus Calcineurin inhibitor-based Graft-Versus-Host Disease Prophylaxis for Second Allogeneic Hematopoietic Cell Transplantation	Maha Hameed/ Taiga Nishihori
Immunobiology	IB26-01	Impact of Novel HLA Evolutionary Divergence Score on Clinical Outcomes of AML Recipients after Haploidentical Stem Cell Transplantation	Padma Katikaneni/ Kevin Quann
Infection and Immune Reconstitution	IN26-01	The Impact of HLA-B*35 Expression on CMV Viremia and Clinically Significant CMV Infection following PTCy-based Hematopoietic Cell Transplantation	Jessica Little/ Susan Prockop
Leukemia	LK26-01	Outcomes of allogeneic hematopoietic cell transplantation in VEXAS syndrome: A combined EBMT and CIBMTR study	Ryan Stubbins/ Tobias Alexander/ Ernesto Ayala
Leukemia	LK26-02	Fludarabine exposure and outcome following allogeneic hematopoietic stem cell transplantation for AML and MDS	Christopher Graham/ Mark Juckett
Lymphoma	LY26-01	Optimizing approaches to Allotransplant for Non-Hodgkin Lymphoma patients relapsing after second line CART therapy	Nasheed Hossain/ Pashna Munshi
Morbidity, Recovery and Survivorship	MRS26-01	Incidence and Causes of Non-Relapse Mortality Following CAR T-cell Therapy in Pediatric and Young Adult B-ALL	Adam Lamble/ Nirali Shah
Morbidity, Recovery and Survivorship	MRS26-02	Comparing patient reported outcomes in allogeneic stem cell transplant recipients who receive myeloablative (MAC) versus reduced intensity conditioning (RIC)	Shireen Usman/ Gunjan Shah
Non-Malignant Diseases	NM26-01	Evolution of Hematopoietic Cell Transplantation Outcomes in Inherited Platelet Disorders: A CIBMTR Cohort Study.	Divyaswathi Citla-Sridhar/ Jignesh Dalal/ Bashayer Alanazi/ Tony Truong

2026 New Working Committee Studies

Working Committee	Study #	Study Title	Principal Investigators
Non-Malignant Diseases	NM26-02	Outcomes with Sickle Cell Trait Donors Compared to Non-Sickle Cell Trait Donors	Ashish Gupta/ Shivani Modi
Plasma Cell Disorders	MM26-01	BCMA directed CAR-T cell therapy in plasma cell leukemia	Nidhi Sharma/ Srinivas Devarakonda
Plasma Cell Disorders	MM26-02	Role of stem cell transplant and maintenance therapy in the management therapy in the management of AL amyloidosis in the era of Daratumumab	Hira Shaikh/ Eli Muchtar/ Shahzaib Maqbool/ Faiz Anwer/ Zimu Gong/ Muhammad Salman Faisal/ Yvonne Efebera/ Rebecca Tokarski/ Srinivas Devarakonda
