## Recipient Eligibility (2500 R5)

### Form Title

- Update: Removed “form” terminology (updated from “Recipient Eligibility **Form**” to “Recipient Eligibility”)
- Rationale: Align with data capture best practices to remove “form” terminology when possible

### Tepadina

- **Q1 on R4 “Was there any extranodal lymphoma involvement of brain, cerebrospinal fluid (CSF), or leptomeningeal?”**
  - Removal: Removed the section and question
  - Rationale: Study is complete

### Cellular Therapy Studies

- **Q3 “Was the product given off label?”**
  - Addition: New question
  - Rationale: Used to determine eligibility of study enrollment
- **Q4 “Total number of lines of therapy received (*between diagnosis and infusion*) ”**
  - Addition: New question
  - Rationale: Used to determine study cohort assignment
- **Signature Fields**
  - Removal: Removed first name, last name, e-mail, and date
  - Rationale: Align with data capture best practices to remove unnecessary data collected elsewhere
